QUARRY ANNEX IS DENIED AT NILES

Permission to extend quarry operations northeast of Niles was denied Monday to Thomas Russell of Hayward by the Alameda County Planning Commission.

Russell had asked to extend his digging onto a 1½-acre site adjoining his present quarry. He said he has the site under lease.

Residents on Duarte Avenue, near the quarry, protested its extension.

Homeowners led by Mrs. J. A. Silva said they did not object to limited emergency levelling in the quarry, but Russell under questioning said it might extend over three years.

REGISTER NOW!

Mrs. Byrde A. Duffey and Mrs. Dolores D. Anderson Deputy County Clerks will be at the Southern Alameda County Office Building Wednesday, February 24, 1954 during the hours of 7 p.m. and 9 p.m. for the convenience of anyone wishing to register

Niles Girl Victim

Kidnap Rocks Niles

Ralph Maria Faces Extreme Penalty

A pretty 16-year-old Niles schoolgirl and her Sunday night date were kidnapped at knifepoint on First Street, and returned to Niles Monday after a night of horror spent in a nightmare drive to Madera.

Arrested for the robbery-kidnap was husky Ralph J. Maria, 22, who was grabbed by deputy sheriffs in his bedroom at 533 Vallejo St., shortly after he allegedly brought the girl home.

Victims were Diane Osborne, daughter of Mr. and Mrs. Guido Tuana, 735 First St.; and Pvt. Norman H. Correia, 27, a Niles soldier now stationed at Alameda.

According to their stories to officers, Diane and Norman were parked in his car across from the Niles Theater about 9 p.m. A man later identified as Maria approached the car and demanded they help him push his stalled machine. Correia refused.

Whereupon, the victims said, the 210-pound Maria forced his way into the front seat, drew a 7-inch dagger, and placed it to Correia's throat with the words:

"You'll be sorry you said no."

Then according to the pair, Maria ordered Correia to drive away, to Oakland, then through Castro Valley and Livermore to the San Joaquin Valley.

Near Madera they said Maria stopped the car, tied the 125-pound Correia hand-and-foot with his own belt and shoelaces, and tossed him under a land-levelling machine standing in a field. Meantime, he locked the girl in the auto's trunk. Then he took Correia's wallet containing $35 and drove off with Diane, after freeing her from the trunk.

Finally, she said, Maria drove back to Niles and released her from the car at Niles Canyon intersection about 6:45 a.m. on Monday. She walked home and her distraught parents summoned officers, who showed her photos of a number of suspects. From these she identified Maria—whose picture had been taken at the time of an arrest for disturbing the peace a month ago.

Deputies L. R. Creighton, Henry Vervais and Dean Davenport went to Maria's home and found him in bed. He submitted to arrest with the words:

"I'm the guy you're looking for. But I'm not going to admit anything."

Later under questioning by Deputy Dist. Atty. Frank Vukota, Maria allegedly admitted both the robbery and kidnap, but denied harming the girl. He said he recalled little of the episode, because he was drinking heavily all day Sunday.

Correia meantime had freed himself and had walked to a Highway Patrol office near Madera where he related the events of the night. His car was recovered early Monday, abandoned in Stonybrook Canyon.

At the Centerville substation, Diane again identified Maria as the suspect.

Maria is slated to be arraigned tomorrow before Judge E. A. Quar-

'MAC,' REGISTER PRINTER, STRICKEN

Stricken with an abdominal ailment while working Monday morning, H. C. "Mac" McMahan, longtime printer at The Township Register, is in serious condition at Highland Hospital.

McMahan, who had been suffering from the illness for several years, collapsed and was rushed to the hospital by Township Ambulance.

On Tuesday he underwent an operation. His condition yesterday was termed "serious" but unchanged since the surgery. McMahan has had five blood transfusions and blood donors are asked to volunteer at the Register office.

2 Niles Stores Move to New Locations

Two well-known Niles retail establishments were in new locations this week.

Niles Furniture Company, owned by C. W. Chrysler, moved from the quarters it has occupied for the past nine years at First and I Streets, in the Ellsworth Building.

Chrysler has established the Mission Maple House, specializing in Early American furniture, in the historic brick powerhouse at the junction of the Hayward and Livermore Highways, in Mission San Jose. Chrysler has set March 6 for his formal opening, but will continue to conduct business in his new remodeled site in the meantime.

Chrysler's move cleared the way for Mrs. Georgia Dennis to move her Gee Dee Shop from its location next to the Niles Theater into the former Niles Furniture Store. Mrs. Dennis is offering a complete line of women's wear and other items, and is open for business today.

DEADLINES NEAR IN 2 ELECTIONS

Deadline for filing candidacy neared this week in two local elections.

These are for three directors of the Alameda County Water District; and for one Niles fire commission job.

Tomorrow (Friday) is the last day to file for the four-year terms now held by Water District Directors W .D. Patterson, Manuel Bernardo and Jack Prouty. All are candidates to succeed themselves.

And Tuesday, February 24, is the last day to file in the Niles Fire Protection District. Incumbent, serving a three-year term, is Tony Alves.

The water district election will be March 23, and the fire district election is April 5.

Filing time for the May 21 high school election is April 21. In this school post, Judge E. A. Quaresma will not be a candidate for re-election, he has announced.

HAWAIIANS BUY

California Nursery Sells Land For $2,500,000 Tract At Niles

In what may develop into a $2,500,000 garden-type subdivision, owners of the California Nursery today announced the sale of 10 acres to build 40 expensive homes west of Rock Avenue, in Niles.

The announcement came from George Roeding Jr., president of the historic nursery, which was established in 1865.

Roeding said investors from Honolulu and San Francisco have purchased the property, and have options to take another 22 acres. Eventually about 135 homes will be built, Roeding explained. Central portion of the nursery is not involved in the sale.

The buyers are known as the Hawaii-San Francisco Investment Co., and their sales agents will be Curtis Homes, of San Lorenzo.

Roeding said the homes will sell for $15,000 and up, and will be individually designed and landscaped. He and Mrs. Roeding will be consulted on design, both indoors and out, he added.

Sale price of the property was not disclosed, but other land has sold nearby for $3000 an acre in recent months. The property involved is now a walnut orchard.

MISSION BURGLARY 2 YOUTHS HELD

Two Decoto youths were held Monday for burglarizing the apartment of Leo Dennie, located in part of the 157-year-old Mission San Jose.

Dennie reported $42 in coins and currency missing Friday night.

Sheriffs deputies later picked up Thomas G. Alger, 18, and Ronald J. Castor, 18, and said they admitted forcing a window to enter Dennie's rented apartment.

CENTERVILLE PTA MARKS FOUNDING

Mrs. John Silva, president of the Centerville PTA, announces the next meeting of the PTA will be in the Centerville School Auditorium on Tuesday, February 23, at 2:30 p.m.

Past presidents will be honored and a candle-lighting ceremony will be performed by Mrs. Alice Lambrecht and girls of the eighth grade. Mrs. Adele Meyer will be in charge of decorations.

Mrs. Mildred Brown, past president and honorary life chairman will award a life membership.

A teacher will care for young children whose parents wish to attend the meeting.

Refreshments will be served by third-grade mothers under the direction of Mrs. Victoria Fontes and Mrs. Rose Lemos, third-grade room mothers.

DEFENSE TEST

Civil defense tests require Township firehouse siren to wail at noon next Monday. Persons who don't hear the sirens are asked to telephone the sheriff's substation here.

RUSH ZONE ASKED FOR CENTERVILLE TO SAVE INDUSTRY

Despite protests from the local chamber of commerce, a 34-acre tract was set aside for subdivision west of Centerville by action taken yesterday by the County Planning Commission.

The Centerville body on Monday asked that the tract, located between Central and Baine Avenues, and the Visking and F. E. Booth plants, be given interim zoning to preserve it for light industry. Alameda Homes Inc. had sought to have it approved for the homesites.

Eugene Manning and LeRoy Broun termed it "the last industrial area to keep taxes down for Centerville." Then the chamber voted to forward an emergency zoning request to the commission, and to the Supervisors.

On Wednesday, commissioners declared emergency zoning was impossible. Then they approved the Alameda Homes application.

However the issue also prompted the commission to set a date for the long-awaited zoning of Centerville. This is slated for first public hearing in Oakland March 10.

The Alameda Homes tract must provide an easement for a walkway over which children may travel toward the Thornton Avenue School.

MERCHANT LUNCH SCHEDULED HERE

Mrs. E. M. Grimmer, Jr., chairman of the committee handling arrangements for the "Mexicana" luncheon to be held Thursday, February 25, announces there will be a special serving at 12:15 for the merchants. Tickets may be purchased at the door.

The program in keeping with the "Mexicana" theme will follow the one o'clock serving. This affair will be held at the Country Club in Centerville and is open to the public.

OUR GROWING TOWNSHIP

Union Sanitary District Reports Service to 711 New Homes Here

An accurate index to the growth of this area was provided today with release of the annual report of the Union Sanitary District.

District officials said 711 new homes were built during 1953 within its boundaries, comprising the towns of Niles, Centerville and Newark. Another 358 homes will be built shortly, according to subdividers' plans on file with the County Planning Commission.

The USD will take in land as far as Decoto and west of Jarvis Road if an annexation election to be held February 27 is successful.

District Chairman George Coit said the independent governing body was formed in 1923, with an area of 3460 acres. It now comprises 6213 acres, and annexation of the Alviso District on February 27 would increase this by another 5520 acres.

Present assessed valuation of the district is $12,191,645. Value of the Alivso District is $1,298,250.

District directors have received feelers from the Decoto Sanitary District regarding annexation. This would bring in another 603 acres, but valuation is little over $1,000,000.

According to District Engineer Harry Goodridge, it cost the district $62,530 to serve the 711 new homes which connected their sanitary facilities to USD mains last year.

For 1952, the district levied taxes of $48,766, representing 40 cents per $100. It also expended $162,744—of which $152,067 was for improvements such as enlarged and additional mains, and expansion of the Newark treatment plant.

Coit said Goodridge is now preparing plans to enlarge the USD office on Baine Avenue in Centerville, to provide a shop and garage, plus a board room. The present board room will be used for public meetings

REBBEKAH LODGE PLANS CEREMONY

Plans are being made by members of Silver Star Rebekah Lodge No. 336 for their annual dinner to be held February 25 at the International Kitchen in honor of Edward A. Seeley, grand master of California Lodge of Odd Fellows.

Noble Grand Nellie Talley appointed her committees for the new year at the regular monthly meeting last month. They include:

Ann Arrington, Florence Anderson and Virginia Yarbrough, refreshments: Rose Stearns, Florence Anderson and Minnie Clay, finance committee; Irma Wright, Christine Hygelund, Minnie Clay, and Anna Bradford, visiting committee; Anna Bradford, drill mistress; Iva Marble, publicity.

Next regular meeting of the Lodge will be February 19 at 8 p.m. in IOOF Hall, Irvington.

'MODEL BUSTERS' READY FOR SEASON

The Newark Model Busters will begin the 1954 season with a Funfest at Washington Union High School grounds, Sunday, February 28.

This is a warm-up for their annual U-Control contest which is sponsored by the Knights of Pythias. The Knights urge all who can to come out and see these boys and girls fly their planes. It really is an eye-opener if you have never seen them fly.

Membership in the Newark Busters is open to any plane modeler in Washington Township. Each modeler under the age of 13 is required to have one parent join the Model Busters with them. Modelers over 13 may join independently.

The Model Busters participate in contests with other modeling clubs throughout the year under the rules and regulations of the Western Associated Modelers.

Humpty Dumpty Mothers To Meet Tuesday Night

Mothers Club of Humpty Dumpty Play Center of Washington Township will meet informally on Tuesday, February 23 at 8 p.m. at the home of Mrs. Paul Melvin, president, 424 Westwood Road, Glenwood Manor, Centerville.

This meeting will be open to all mothers who have preschool children 2½ to five years old.

Those who would like to attend the meeting may call Mrs. J. B. Feltner, Centerville 8-2319.

Parry Halts Suit, Raps Fire Budget

Jack Parry, critic of the Niles Fire Commission, last week withdrew his suit to force the commissioners to disclose their financial records to him.

Parry was given the books to examine at the commission's February 9 meeting, and at the same time was rebuffed in his try to delay hiring two paid firemen.

He had applied for a writ of mandate to look at the records, claiming he was denied this opportunity after friction developed between himself and the commissioners.

Parry said he instructed his attorney to ask that the petition be withdrawn, saying his wishes had been satisfied. But he served notice on the commission that he:

1. Will fight to have the firemen hired under Civil Service rules, to save the District insurance premiums, and

2. Will make an issue of the commissioners' declared intent to lower taxes from $24,000 last year to $22,000 this year. Said Parry:

"The present fiscal year budget called for taxes of approximately $24,000. No major expenditures were planned, and normal yearly expenses were about $12,000, leaving a surplus of $12,000.

"Thus the $12,000—which they listed as capital outlay actually is a 'padded' item—an addition to the district's already over large reserves.

"With a cash balance of approximately $16,000 now on hand, and a $12,000 tax installment due, and only about $5000 of expenses in sight, reserves should total more than $23,000 by the end of this fiscal year. The $2,000 reduction is hardly what you could call honestly reducing taxes."

Supervisor Stanley About-Faces On County Car Decals

Supervisor Chester E. Stanley, who on February 9 moved to have distinctive decals affixed to the sides of county cars, evidently launched his campaign after a last-minute change of heart, a letter disclosed today.

In the letter, written on February 8 to Mrs. Evelyn Perkins of Centerville, secretary of the Washington Township Taxpayers' Association, Stanley asserted "quite a number of our cars are doing . . . investigative work" and would be "worse than useless if an insignia were placed on them."

The supervisor's about-face came the next day, however, when he moved—and the Board unanimously adopted—the new policy.

In his letter, written in response to Mrs. Perkins' query about "expensive" county cars, and their use, Stanley replied:

8 February 1954

Mrs. Evelyn Perkins, Secretary
WASHINGTON TOWNSHIP TAXPAYERS' ASSOCIATION
Centerville, California

Dear Madam:

"In answer to your communication of January 25th relative to a Board policy pertaining to the use of County automobiles. I would like to bring up to date on what is being accomplished by the Board of Supervisors in this regard. For several years now, the Board of Supervisors has pursued a policy of pooling automobiles and we have recently asked our garage superintendent for recommendations as to the furtherance of this policy.

"His recommendations lack some of the detail that the Board must have before they could intelligently take action on the recommendation, vis.

"1. Where would the cars be garaged, the Board not having space at the moment.

"2. If the garage space were provided, how much additional help would be necessary to handle these cars, each evening and morning, in addition to what we now have? After all, pooling cars should result in a saving, not additional expense to the County.

"3. Would he recommend pooling in a garage to be built in the vicinity of Fairmont Hospital and Juvenile Hall on County property to include Probation, Health Department and the Department of Building Inspection that are working out of that area?

"How much additional help would he estimate would be required to handle these cars and how much space would be required to accomplish this pooling?

"With that information, the Board of Supervisors would be able to determine whether the increased cost of this facility and the labor involved to accomplish this pooling would justify further extensions of the present pooling practices.

"You refer to the "large and very expensive automobiles" furnished the officials and employees of the County. Generally, the cars of the County are in the Ford, Chevrolet and Plymouth class, known as the cheaper class of cars, those having been purchased recently were purchased in volume on competitive basis (the last contract being for some 90-odd cars without trade-ins), so I am sure the best obtainable price was received.

"As to the cars driven by elective officials, it has been the practice of this County, as well as other large counties and other political subdivisions, for many years to drive cars in the Buick-Chrysler class. In the cases of some political subdivisions, even more expensive cars are furnished.

"Historically, it has been the practice of this County in fixing the compensation of its officers, to fix not only their compensation but their transportation and working conditions as nearly comparable to those provided by private industry and other political subdivisions. This type of transportation is comparable to that furnished to officials by industry and other public agencies in this area. The present Chryslers driven by the members of the Board of Supervisors cost ALAMEDA COUNTY $3,198.00 each on competitive bids and not $5,000 as stated in the newspapers on many occasions. The Buicks driven by other County officials were purchased at a competitive low bid price.

"The theory of placing some insignia on County-owned cars is a good one, but quite a number of our cars are doing one type or another of investigative work and some of them, by the nature of their work, would be worse than useless if an insignia were placed on them. It might be possible that even better results for the County could be obtained, of these cars carried a nonexempt license.

"Further, some of the cars carrying "E" licenses and being operated by County employees were purchased from State and Federal funds—thus they are the property of the State and cannot be considered for insignia or to be part of any pool, as they were purchased for a definite program under the welfare or school department and must be used for that purpose and none other.

"I am sure that you, by now, have decided that the Board is approaching this matter on a sound basis and that while possibly some misuse of County cars does exist hasty action could result in many problems worse than now exist.

Sincerely,
Chester E. Stanley

SCHOOL MERGER HERE NO SAVING SAYS DR. SEIDEL

Consolidaton of Washington Township school districts probably wouldn't save tax money, in the opinion of County Supt. of Schools Vaughn Seidel.

Dr. Seidel made this statement to the Centerville Chamber of Commerce in a meeting to which he was invited last week.

Dr. Merle Buehler asked if tax savings couldn't be made by combining all local districts. The educator answered:

"It would cost just as much, because the single superintendent would need the same number of assistants. Right now, I don't know of any district in this area that carries excess personnel."

Finally, Dr. Seidel declared Alameda County educates its children for $206 per year apiece, "plus about $30 for my office," which is below the U. S. average of $298 per year.

"And we have one of the finest educational programs in the entire U. S." he asserted. "People come from all over the world to see how we operate in Alameda County."

The doctor said his philosophy of education includes these beliefs:

1. Rural and suburban children "are entitled to an education that costs as much as city children."

2. Local schools should get more support from special State taxes than from property levies.

He also hinted that there is more to educating youngsters than taxpayers appreciate. Said he, if financial support is withdrawn:

"We could cut down on the educational level and if we didn't actually send the students home, you'd never know about it for

South County Healthy Spot In 1953, Says Dr. Malcolm

Southern Alameda County continues to be a healthy place to live in spite of growth problems—1953 saw many more births than deaths in the area, the birth rate is higher and the death rate lower than the average for California and the nation as a whole, says Dr. James C. Malcolm, Alameda County Health Officer, in a provisional 1953 health report.

For the 16th consecutive year there was no smallpox in this area; nor was there a single case of diphtheria in 1953. This record seems largely due to the fact that great numbers of persons have been immunized against these diseases.

There was no animal rabies and only one case of typhoid. The polio incidence in keeping with the state-wide trend, was about 10 per cent less than in 1952. The venereal disease rate also continued to decline.

1953 was a measles year—there being an increase in both regular and German measles. This is not alarming, Dr. Malcolm explained, for such a rise is to be expected every few years. Also, there may have been more measles cases reported this year because of the availability of gamma globulin for contacts.

Tuberculosis continues to be the communicable disease of major importance and a great many hours of staff time are spent in its control. 1953 saw 126 new cases reported and as of December a total of 614 cases were under County Health Department supervision. More than 24,000 miniature chest X-rays were taken during the year to help find new cases early, 18,000 of these being taken by the Alameda County Tuberculosis and Health Association.

During 1953 two large outbreaks of food poisoning, involving over 100 persons, were traced to improper storage of food. According to Dr. Malcolm these incidents point up the necessity of training food handlers in the proper methods of storing and handling foods. A demonstration food handlers training course was held in one southern Alameda County town in 1953 and more such courses are planned for 1954.

Sixty-eight schools, with an enrollment of over 22,000 children contracted for public health nursing services in 1953. As a part of the school health program 15,444 children had hearing tests and over 1100 were found to have a suspected hearing loss. Working with parents to get these children under medical care was an important part of the nurses' work during the year. Vision screening tests were also done under supervision of the nurses and many vision losses were revealed to parents for the first time.

Because of the expense of hospitalization, plus the availability of new drugs which can be given at home, there was an increased demand for bedside nursing services in the home. During the third year.. of ..the ..Alameda ..County Health Department bedside care program 1132 calls were made (twice as many as last year). A member of the family was taught to give this care whenever possible.

1953 saw an increased interest by both the public and the professional staff in air pollution and in water fluoridation. This interest is expected to increase in 1954.

"I feel our excellent health record is due largely to the keen interest and awareness of the public in health problems and potential health problems," Dr. Malcolm says. "A great many organizations and individuals have worked very closely with us during 1953 and we expect this fine relationship to continue in 1954."

Pups Cinch SCVAL Lightweight Title With 44-32 Victory Over Live Oak

By BOB HIRD

Coach Don Wolfe's classy lightweight five were crowned SCVAL 'B' champs last week, as they walloped the Live Oak Acorns 44-32.

The win gave the junior Huskies a 6-0 mark with one game left to play, while all other clubs have two losses or more.

If the Puppies should lose to the Mountain View lightweights tomorrow night it would have no effect on their having the championship. The Eagle quintet boasts a 4-2 record and will be out to spoil the Pups' perfect mark.

The local lightweights had little trouble getting past the Acorn Bs. They outscored them in every quarter except the third. Art Anchundo paced the Pups with 13 points and again displayed a fine floor game. Ray Orozco and Don Martin added 10 points apiece.

Pups' box score:

	FG	FT	TP
Martin	4	2	10
Rangel	2	2	6
Orozco	4	2	10
Anchundo	4	5	13
Meneze	2	1	5

HUSKIES COAST TO WIN OVER ACORNS, END SEASON FRIDAY IN MT. VIEW

A relaxed Washington Hi quintet evened up their league mark at 3-3 last Thursday as they battered the winless Live Oak Acorns by a 59-45 count.

The locals make their last league venture tomorrow evening when they travel to Mountain View to face a tough Eagle five.

The Eagles are tied for second place with the James Lick Comets, boasting a 4-2 mark. Featuring the Eagle attack is John Lozano, top point-maker last season, who is again leading the pack this year. The 5 ft. 6 in. Lozano who earned ALL-SCVAL honors last year, has averaged 16.2 points per game this year.

Last week's contest was for the most part a dull one. The Huskies played far below their usual game in facing the last-place Acorns.

In the first two minutes of play it looked as though the Huskies were going to come through with their biggest score of the season. They picked up 8 points while holding the Acorns scoreless.

Six-foot, three-inch guard Allan Olk, returning after a spell of influenza, sparked the Malemutes' first period drive by bucketing the first 6 points.

Late in the initial quarter the Acorn 6 ft., 2 in. center, Gary Dodge, started dropping in his jump shots from around the key, but the Huskies led 14-9 at the end of the first quarter and enjoyed a 30-22 half-time margin.

The locals played lackluster ball during the third period, and Dodge and Co. outscored them 13-12.

But the Huskies found themselves again in the final quarter and outscored the out-of-towners 17-10 to assure the win.

Olk paced the Orange and Black with 11 points while Dodge, only a sophomore, led the Morgan Hill quintet with 18.

Husky Box Score	F.G.	F.T.	TP.
Orozco	4	1	9
Hird	2	1	5

THIRD IN RACE

A Niles skiier took third place in a giant slalom race at Dodge Ridge last Sunday between the Palo Alto Ski Club, Alameda Ski Club and Skoalers Ski Club.

Although Palo Alto came out with top honors in the first of what is hoped to be an annual race, Fred "Duke" Rebello of the Skoalers Ski Club in Hayward placed third for the fastest time

BASEBALL PREPS START AT WUHS

Newly-appointed baseball coach Gene Johnson was greeted by 30 young hopefuls last Monday as 1954's version of the national pastime got underway at Washington High.

Johnson is taking over for Vice-Principal Irving Hird, who had been head diamond coach since 1942. In the 11 years Hird mentored the Huskies, he captured five pennants and never finished lower than third place.

Only lettermen returning are Catcher Ernie Delgado, Pitchers Bob Hird and Allan Olk, Third Sacker Don Santos and Center Fielder Raul Orozco.

Miss Mary Senn Engaged To Frank Rickenbacher

Mr. and Mrs. Balz Senn of Centerville this week announced the engagement of their daughter, Mary Josephine ,to Frank Louis Rickenbacher also of Centerville.

Mary graduated from Washington Union High School in 1948 and entered St. Joseph's School of Nursing in San Francisco, graduating from there in 1951. Since completion of her nurse's training she has been employed at Veteran's Hospital in Oakland.

Frank, son of Mrs. Josphine Rickenbacher and the late Louis Rickenbacher, graduated from Washington Union High School in 1942. He was a corporal in the Marine Corps for 31 months serving in the South Pacific, on Iwo Jima and in Japan. For the past two and a half years he has been employed as parts manager at American Garage in Niles.

A fall wedding has been planned.

Niles PTA Founders Day Meeting Held Tuesday

Past presidents were honored at the Founders Day meeting of the Niles PTA Tuesday, February 9, in the school auditorium. Past presidents attending were Mesdames R. M. Robison, Roland Bendel, E. A. Ellsworth, Frank Andrade, John Cattaneo, and Frank Souza.

Mrs. Ted Logan, president, introduced Lieut. Everett King, who in turn introduced the speaker of the day, Deputy Sheriff A. E. Anderson of the Alameda County Substation who spoke on the proposed curfew for the youth of Southern Alameda County.

The silver offering customarily taken at the Founders Day meetings was sent to the PTA Council.

A Founder's Day skit under the direction of Mrs. John Whipple was presented with the following children participating: Sigrid Hemple, Jeanette Lewis, Patsy Estudillo, Geraldine Gonzales, Jeanetta Martin,John Cattaneo, Ruel Brown, Billy Silva, Ronald Kipp and Gil Whipple.

The organization is proud of its accomplishments for the first six months of the school year, which included (1) the Mothers March on Polio, (2) manning the truck for chest X-rays taken by the Alameda County Tuberculosis Association, (3) assisting with the Alameda County Health Department in conducting hearing tests at the school under the direction of Miss Olive Price, audiometrist, (4) sponsoring the Niles Cub Pack, (5) assisting with the Cubs Blue-and-Gold dinner to be held later this month and (6) giving financial aid to the school cafeteria each month.

The big event for the year, their annual card party, will take place February 26.

After the business meeting, tea was served in the auditorium with PTA board members as hostesses.

Beatrice Albert Engaged To John Lewis of Newark

John Lewis of Newark chose an appropriate day, Valentine's, to propose to Beatrice Kathleen Albert of Irvington. The couple announced their engagement to her family and entertained friends and relatives who gathered at the bride-elect's home during the day Sunday. They have not set the date for the wedding.

Beatrice is the daughter of Mrs. Carnation Albert and the late Ernest Albert. She attended Washington Union High School and is an employee of Rheem Manufacturing Company in Newark.

John is the son of Mrs. Mary Avila and is employed at Solon's Service Station in Niles. He, too, attended Washington Union High School and spent two years in the Army, serving part of the time in Korea as a corporal.

Church Supper

The Women's Society of the Newark Presbyterian Church are having a ham dinner Wednesday, February 24, at Calvin Hall, under the chairmanship of Mrs. W. Q. Wright.

Reservations may be made by calling Mrs. R. O. Grace, Newark 3-3722.

WHAT'S WRONG WITH AUTO AUCTIONS ! !

Not a thing for out of town automobile dealers. Auction prices are Bottom Dollar Prices. But you, the public, can't buy at an auction. They are for dealers only and anyway you couldn't trade in the car you are now driving.

No, auto auctions aren't for you but auction prices are at Joe Adams, for the next few days.

Here's why!

We have 10 top quality A-1 late model trade-ins that we don't want to sacrifice to out of town dealers at the auction. It just doesn't seem right. So through Monday we're offering them right off our lot at what we believe are auction prices or lower. Here are the prices—judge for yourself.

AMERICAN PIPE'S $1,000,000 PLANT READY TO OPERATE AT ALVARADO

Completion of a new $1,000,000 plant on Alguire Road has been announced by Alvarado's newest industry, the American Pipe and Construction Company.

The Oakland office, established in 1927, has moved its staff of 30 to the 57-acre Township site. Construction started almost a year ago. The plant, which manufactures steel-reinforced concrete pipe for storm drains, culverts, sewers and similar uses, is now in partial production, employing about 200 men.

The main office is at Los Angeles with other plants or branches in Texas, at Portland, San Diego and Lindsay.

Personnel at the local office include E. E. Jackson, district engineer; Lester H. Courson of Hayward, district personnel manager; R. O. Wentworth, plant superintendent; S. S. Stebenne, office manager; and Bowman Hall, assistant office manager. Charles Brannen is superintendent of construction.

The plant is Washington Township's fourth for the manufacture of pipe. Others are the California Pottery Company in Niles Canyon, the U. S. Pipe & Foundry Company on Whipple Road, Decoto; and the Orangeburg Manufacturing Company, Inc., at Newark.

EX-PRESIDENT OF NILES FIRM DIES

Frank A. Costello Sr., 73, former newspaperman, attorney and pottery firm president died Saturday in a San Francisco hospital.

For more than 20 years he headed the California Pottery Company, formerly located in Oakland and now at Niles.

Surviving are his wife, Dorothy; three sons, Frank Jr., Stephan and Edwin; three daughters, Mrs. George V. Maher, Mrs. Clark E. Farrell and Mrs. Charles A. Schroth Jr., and 14 grandchildren.

Funeral mass and interment rites for Costello were held Tuesday in San Francisco.

SEVERAL MEMBERS of Cub Scout Den No. 6 received awards at the meeting February 8th of Centerville Pack No. 1. Jim Barrett, Mike Barrett, Dick Faust, Charlie Marin, Mike Tatum and Ricky Trout received Bobcat pins. Ronnie Gilbert received his Bear Badge and Denner stripes. Mike Tatum received Assistant Denner stripes. The Den put on a skit at the meeting entitled, "The House that Jack Built," and also welcomed a new member, Mike Barrett.

MRS. FRANK SIATT entertained at a bridge party Wednesday evening. Guests were: Mrs. LaFar, Mattos Drive; Mrs. W. C. Wootton, Norris Rd, Mrs. Alice Horejsi, Glendale Drive; Mrs. Margaret Nolte, Sterling Drive; and Mrs. James Meyer, Glenmoor Drive.

A WORD of advice to the "telephone-less"; Don't get your hopes too high when you notice the telephone crew are working out here. They're merely doing preliminary work. According to the Hayward Office of Pacific T & T, residents on the newer streets will not have their telephones until about June. A shortage of essential materials is said to be responsible for the delay.

MR. and MRS. W. H. SELOVER, Glenmoor Drive, entertained at a potluck dinner Saturday. Guests were: Mr. and Mrs. James Meyer, Mr. and Mrs. Walter Sletten, Mr. and Mrs. Henry Preston, Mr. and Mrs. Victor Rasmussen, Mr. and Mrs. William Kerlin, and Mr. and Mrs. B K. Pennington.

MR. and MRS. WILLIAM SEITZ returned Saturday from Los Angeles where they attended the funeral of Mrs. Seitz' nephew.

WELCOME NEW RESIDENTS: Mr. and Mrs. George Rodrigues and daughter, Barbara Ann, moved recently from Centerville into their new home at 361 Blacow Road. Mr. Rodrigues is with the Kimber Farms, Niles.

MR. and MRS. FRANK SEPEDA and son, Robert, 2, formerly of Oakland, are now in their new home at 424 Mattos Drive. Mr Sepeda is a linoleum contractor.

MR. and MRS. FRED W. HENNING and son, Robert, from Berkeley, are new residents at 459 Rogers Avenue Mr. Henning is sales representative for Mailliard & Schmiedell.

3-DAY HOLIDAY NEXT WEEKEND

Washington Township prepared for a three-day vacation this week with virtually all stores, and all schools, banks and county offices being closed next Monday for Washington's Birthday.

Only the sheriff's substation will be open in the County Office building at Centerville. Post offices also will close.

MR. and MRS. W. V. HUTH and son, John, 10 months, are now settled in their new home at 463 Rogers Avenue. The Huths are formerly of San Leandro. Mr. Huth is with Teagarden Products Co., San Leandro .

Scouter Speaks

The Oakland Area Boy Scout Council now serves 16,850 Scouts, according to the district's top executive, Homer J. Bemiss.

Sno-Cats stalk trouble in the mountains. High in the snow country of the Pacific West, winter blizzards are fierce and frequent. Here motorized Sno-Cats help telephone crews roll out fast to stop trouble before it can interrupt service. The powerful "Cats" carry 6 to 8 men comfortably, cruise over the snow and ice at speeds up to 25 miles an hour. Using these vehicles instead of skis or snowshoes, our mountain crews patrol vast areas faster. They can spot such potential troublemakers as leaning poles, broken branches, wires buried in towering snow drifts. By saving valuable time and helping prevent trouble, the Sno-Cat helps us cut costs, hold down the price of telephone service to you. **Pacific Telephone works to make your telephone a bigger value every day.**

A MILQUETOAST SOLUTION

A peculiar state of mind, public-wise and news-wise, is illuminated by reports of the 1953 Alameda County Grand Jury recommendations, just released.

According to headlines in the Oakland paper, the grand jurors "doomed" juvenile gangs. Readers searching for the noose and ratbane in the story waded through a couple of paragraphs, then found these words:

"The investigative body, discharged last week, did the pointing (no dooming?) in its final report to Superior Court. Its official words were: 'This grand jury recommends to the incoming grand jury that its juvenile delinquency committee have a subcommittee study and consider means whereby unprovoked assaults on innocent minors and adults by gangs of juvenile hoodlums would be eliminated."

Making allowance for skimpy reading of the body of the article by headline writers, readers may still be excused for wondering about the "doom."

A vaguer remedy, a more offhanded job of buck-passing, a weaker excuse for overlooking the problem itself hasn't occurred since the demise of Caspar Milquetoast. And the newspaper is to blame for covering-up for the delinquent grand jurors, whitewashing something that should have been done and wasn't.

If Washington Township, along with the rest of this county, isn't alarmed about juvenile hoodlums, it ought to be. There have been plenty of knife fights on the streets of our towns. Only last weekend, a young girl and her escort were kidnapped at knifepoint on the main street of one local community. Can it happen here? It has!

The 1953 grand jury had a real opportunity to probe and report on a vicious problem. Instead it used its time mincing words about county departments which were late in filing inventories of letterheads and paperclips, or in grumbling about the Coroner's secretary, who is also a notary public.

As we mentioned in this column last week, the problem is one that requires tough and sure-footed action. We believe it should be attacked at the prevention level—possibly by curfews and stern treatment by juvenile authorities.

This is the sort of issue we'd have liked to see the 1953 grand jury tackle. Maybe the 1954 grand jury will do so.

At any rate, the metropolitan newspaper treatment of the story was not only slipshod, but dangerous—it made readers think the juvenile problem was solved. It isn't. Not by the length of a switch-blade knife.

JUPITER PLUVIUS (J. G.)

We never thought we had it in us.

Last week's editorial song to spring ended with the injunction: "Now—let it rain!"

The results were almost alarming. Not since Ali Baba tapped the cave and cried "Open, Sesame," have there been such spectacular results. They were far too speedy and damp to be written off as coincidence.

Our success as a rainmaker prompts us to wonder if our career lies in the field of journalism. Hatfield the Rainmaker, of mid-California fame in the early 1900's, retired a rich man. Horseplayers and farmers would pay heavily for our talents. We could enlarge our circulation and put the flying cloud-seeders out of business.

One thing alone stays our hand: can we stop what we start? We'll wait till the flood starts, and then . . . we shall see.

IRVINGTON NEWS NOTES

By IRENE CALLAHAN

MR. and MRS. MANUEL GUARDANAPO and sons spent the week-end by taking a ride up to Twain Harte. It was a great sight to see as it snowed all day. It was a thrilling experience and fun to be in the falling snow.

GUS ROBERTSON reported that new families are still coming into our school district He expects to see the enrollment mount up to 900 by the September school opening. The new school is going along nicely ahead of schedule, to be ready by fall.

JAMES ANDERSON and Richard Hammers are attending advance nite classes at San Jose State, a course in Supervision and Guidance, Administration and Advance Curriculum of elementary schools. Auvel McLaughlin is taking a course in contemporary philosophy.

MRS. JOHN OLIVERIA is still reported on the sick list; and Milton DeBorba has been teaching in her place.

MRS. CHUCK BREWER is back at her desk after a week of the flu.

MYRTLE LOWDER of Sonora visited with Ray and Stella Benbow and left for Sacramento to visit with her daughters, Myrtle and Betty.

MR. and MRS. RAY BENBOW, and Mr. and Mrs. John Terry are going to spend the week-end in Woodland to visit their folks.

MR. and MRS. JOE LEAL of Hanford stopped in to see Mr. Joe F Leal Monday on their way to Eureka to visit with their daughter.

WALTER CONNOLLY is expanding his store 12,000 square feet to have a larger floor space for furniture and appliances. When complete, he will have the largest furniture store between Hayward and San Jose. It will have a complete repair department for appliance and TV. The contractor is R. A. Griffin.

IN MANY of the contests that are going on during the year sponsored by the Automobile Companies, soap operas, tooth pastes, you will find there is a local winner. Today we find added to the long list of names a $10.00 prize going to John Ura of Irvington who entered the $20,000 Westinghouse Light Bulb contest.

MANUEL JOSEPH, retired postmaster, is recuperating from a sprained ankle he received from a fall while going about his chores around his home. Take it easy, Mr. Joseph!

OUR READERS WRITE . . .

EDITOR, Sir:

After reading the front page news item in The Township Register of Feb. 11, I felt somehow reassured. As long as we have this freedom of reporting the news as one sees it and hears it, we, the American public, have nothing to fear. I am refering to the meeting that took place at the Niles Fire house Feb. 9; any thinking person would have been inspired to witness a meeting such as that.

It takes courage to ask questions, it takes courage to bear rebuffs,

It takes courage to report the news, it takes courage to be FREE.

Ernest Vayssie

(OPEN LETTER)

Feb. 10, 1954

Board of Fire Commissioners
Niles Fire District
Niles, Calif.

I must strongly contradict the statements made by you in your letter to the Township Register printed in its February 4 issue.

You stated that at no time did you refuse anyone access to any of your records and that your meetings are held on the second Tuesday of each month at the firestation. Here are the facts: Your September 1953 meeting was held at the home of one of your members, the October meeting on the third Tuesday and the November meeting on Friday November 13, 1953.

I asked to see your records on three different occasions. Namely, Sept. 15, 1953 at the Firestation, in a registered letter written October 2, 1953 on which you took no action and I asked for action on the same letter at your regular January 12, 1954 business meeting. You refused to take any action and forced me to stop speaking. Mr. A. B. Leask and Mr. Stuart Nixon witnessed my January 12th request and I quote from the October 2, 1953 registered letter.

"Gentlemen,"

"You will recall that during our informal discussion approximately two weeks ago I asked about the possibility of viewing your financial records. Commissioner Leon Solon said it was none of my business and suggested I discuss the problem with the District Attorney. I feel that such a move is unnecessary and now formally ask that you make available for my inspection all of your current Niles Fire District records plus the records of the 1952-53 fiscal year. Being somewhat confused regarding your meeting night I can only presume from what Commissioner Alves told me about not having a regular meeting in September because of the Holidays, that your business meeting is scheduled for the second Tuesday of each month. I will thereby be present at the Niles Fire Station at 7 p. m. Tuesday October 13, 1953."

This proves conclusively that you made it difficult for me to attend your meetings and did deny me access to your records.

Sincerely yours,
Jack Parry

Niles Kidnap Case

(Continued from page 1)

esma. Vukota said he may be charged under California's "Little Lindbergh Law," which carried a possible death-penalty in such cases.

Vervais said both Diane and Correia told him Maria threatened them from time to time with the knife, and further terrified them with wild stories that he had slain his wife in Louisiana and had dismembered her body.

He also said, according to the duo's story to Vervais, that he was a San Quentin escapee. Maria is a laborer, and an ex-GI, discharged more than a year ago, after reportedly serving in Alaska.

SPRSI News

PHONE CO. MOVES HAYWORD OFFICE

Pacific Telephone's Hayward Business Office opened for business at their new address, 777 Main Street, Monday, February 15. The former location was 1201 "A" Street.

S. D. Smith, local Manager for the company, said that the move to larger quarters was made necessary by the tremendous increase in recent years of the number of subscribers served by the Hayward Business office.

Notification of the move will be sent with telephone bills to all customers served by the Hayward office. This includes Hayward, Castro Valley, San Lorenzo, Alvarado, Centerville, Decoto, Irvington, Livermore, Mission San Jose, Newark, Niles, Pleasanton, Sunol and Warm Springs.

The Embarcadero in San Francisco is a wide thoroughfare paralelling the city's waterfront from Fisherman's Wharf to China Basin about three and one-half miles.

Dances of Spain

Jose Greco, hailed as the world's greatest Spanish male dancer and his troupe accompanied by singers and musicians, open at San Francisco Curran Theatre for two weeks on Monday, March 1.

Audiences see a wide and colorful variety of dancing, including the pure ballet the Spaniards imported from Russia, and then made characteristically their own; the traditional 18th C entury dances; regional and folk dances; fiery flamencos, danced by actual gypsies from the caves of Granada.

The bill features several works choreographed by the late Argentinita, with whom Greco danced for many years.

Leading dancers of the company are Nila Amparo, Lola de Ronda, Luis Olivares, Juanele Maya, Salome de Cordoba, Tina Velez, Julio Torres, Malena Vargas, Angel Soler, Antonio Jimenez, Rocio de la Torre, Felipe Lanza, Jose Mancilla, Margarita Zurita, the guitarists Ricardo Blasco and Miguel Garcia, the Flamenco singer Shinin de Triana and the eminent composer and pianist Roger Machado.

VFW Auxiliary

The Ladies Auxiliary to the Joseph & Stanley Bernardo Post, Veterans of Foreign Wars, will meet February 23 in the Veterans Memorial Building, Niles, according to President Janice Roethlin.

SUZY SEZ...

I didn't disillusion her when a Township mother remarked she was glad HER boy wasn't doing that hot-rod racing last week. He was in the thick of it, say my spies.

* * * *

When the meek inherit the earth, they'll turn it down, because they won't be able to pay the taxes.

* * * *

Even if it isn't pay-day, try greeting your husband with a smile when he arrives home. Save complaints until tomorrow, and he will keep pinching himself to see if he is dreaming.

* * * *

The idea of putting stickers on county cars is a good one, but not too effective. For example in Sacramento recently I saw a family out for a Sunday picnic and ride, in a car marked "For Official Use Only."

* * * *

Our favorite ten-year old makes this from left-overs, and it's good. Mix left-over noodles and chicken or tuna, gravy and cooked vegetables, and serve with grated cheese on top.

* * * *

Thanks to the efforts of their friends and neighbors, the feud of a couple of Newark families is about over. Neither of the participants can recall the exact cause of the battle.

* * * *

To mention again a sore subject: when will Township business men learn the only way to keep folks shopping in this area is to provide parking space for their cars? This means NOT parking your own autos where potential customers might park.

* * * *

His grandma asked our youngest if he looked in the mirror to see if his face was clean, and he said he usually looked at the towel. So now we have a mirror installed low enough for toddlers.

* * * *

That old stand-by, tuna casserole, has a new taste if you add a small package of pimento cream cheese to the cream-sauce.

* * * *

It's a good thing a few local stores were open Sunday, to take care of the Valentines forgotten by some husbands until the last minute.

* * * *

If you want your bar soap to last longer, un-wrap it when you purchase it, to let it dry before using.

* * * *

At the rate we're going, pipe plants will soon outnumber dairies in Washington Township.

* * * *

Just the thing for summer dresses is the new bias binding made with stripes or printed material. Very attractive on plain fabric, as trim.

* * * *

.It was NOT on a Washington Township radio-band that we heard the request that a patrol car bring in a "case of cokes for mixers".

* * * *

Remember, a frown is just a wrinkle looking for a place to roost.

* * * *

A little five-year old boy was already to whip the world yesterday, since he'd had a well advertised cereal for breakfast. He was soon cut down to size when a little girl declared she also ate that cereal, and it made girls strong, too.

SCHOLARSHIP BY KIMBER AT DAVIS

Anouncement was made last week that a new $500 Kimber Scholarship for a poultry husbandry student has been opened on the Davis campus of the College of Agricuture.

The award for which high school, junior college or college undergraduates may apply, will come from funds provided by John Kimber, president of Kimber Farms at Niles.

The feminine look is going to be the thing in next summer's swim suits. Here, complete with lampshade shirring and a ruffled top is a new swim suit by Brilliant in Everglaze printed cotton. The torso is as fitted as a corselet of the gay nineties, but this cotton suit is definitely 1954!

Planning a trip? If you drive, take some paper bags along. Use them to collect litter and trash in your car, then deposit them in trash cans along the way. Don't throw trash from your car. Help keep our highways clean.

"I cooked 90 meals last month for only 94¢"
says Mrs. Lloyd Prosser, a newcomer to Marin County
Mr. and Mrs. Prosser and their two children recently moved to California. "Right away we noticed how much less gas and electricity cost here," says Mrs. Prosser. "We use them freely for better living."
How cheap gas and electricity did a lot for the Prossers last month:

90 meals cooked (for family of 4)	$ .94
180 hours of lighting	3.08
30 days of gas heating (winter month)	6.27
2200 gallons of hot water for 100 baths	.81
45 hours of dishwashing	.18
24 loads of clothes	.33
shaves and washups	.10
6 hours of scrubbing	.01
24 loads in automatic washer	.10
24 loads in automatic dryer	.22
14 hours of ironing	.22
180 hours of television	.85
14 cubic foot freezer	1.12
240 slices of toast	.09
8 hours of vacuuming	.06
120 hours of radio	.28
30 days of refrigeration	.89
2 electric clocks	.09
mixer	.03
waffle iron	.06
P. G. and E. bill for the month	$15.73

Average cost per day: 52¢
Where the Prossers used to live, the same amount of gas and electricity would cost $31.48
Count the appliances in *your* home. Then divide your P. G. and E. bill by the number of days in the month to get the daily cost. You, too, will agree that day in and day out nothing else gives you so much for so little. 4X-W-254

A Fish Story
Try this Broiled Fish with Souffle Sauce as a festive dinner entree when you are short on cooking time. Preparation of the sauce is simple and quick; its tangy seasoning is a perfect complement for any mild-flavored fish.
Broiled Fish with Souffle Sauce
2 to 2½ pounds fish fillets, fresh or frozen (cod, haddock, flounder)
½ cup salad dressing
¼ cup pickle relish
2 tablespoons chopped parsley
1 tablespoon lemon juice
¼ teaspoon salt
2 egg whites
Dash cayenne pepper
Turn on broiler. Wipe fillets with damp cloth and cut into serving-size pieces. Sprinkle lightly with salt and pepper. Arrange fish on lightly greased shallow baking pan. Stir together salad dressing, pickle relish, parsley, lemon juice, salt and cayenne pepper. Beat egg whites until stiff but not dry, and fold into salad dressing mixture. Broil fish 2 inches from unit or tip of flame 6 to 10 minutes, or until fish is almost cooked through. Spread sauce in even layers over top of fish. Broil 3 to 5 minutes longer, or until sauce is puffed and lightly browned. Serve at once. Serves 6.

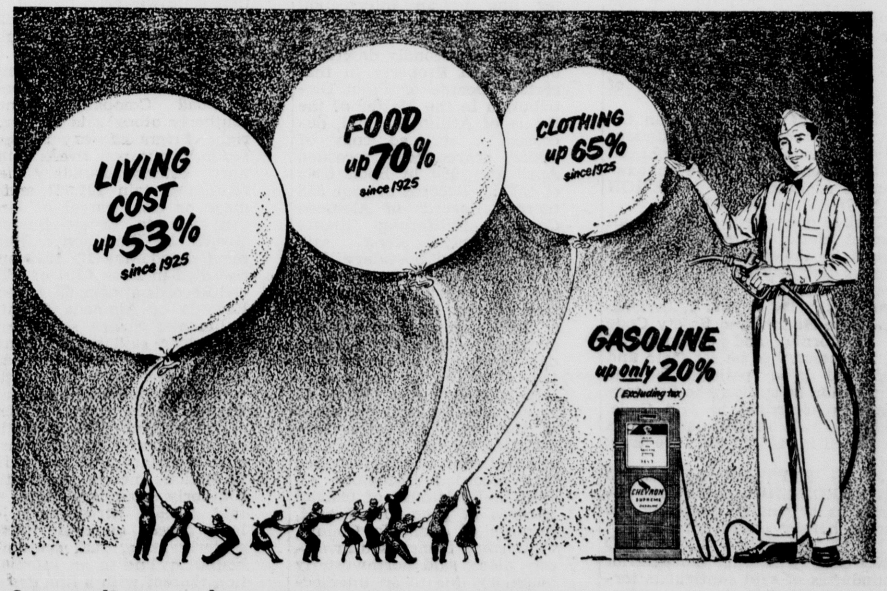
Why gasoline is a real bargain today
Two facts lie behind the low price you pay for gasoline: oil companies work constantly through research to improve products and keep prices low, and they *compete intensely for your patronage*. That's why Standard opened the West's first petroleum research laboratory 32 years ago—and invests about $6 million annually in research today.



One result you see here. Thanks to competition, gasoline prices (aside from taxes) have risen only 20% since 1925 . . . less than half as much as practically anything else you buy. But there have been other benefits for you, too. Research, motivated by competition, has resulted in a steadily improving gasoline. Two gallons of modern gasoline do the work that required three in 1925, and this improvement has paved the way for lighter, much more efficient car engines that give you more power, performance and economy. Competition and research have led to better gas station service, as well, and to the world-wide search that has discovered the largest known oil reserves in America's history. Last year alone, Standard Oil Company of California invested $225 million in exploration, new oil wells, and improved facilities to keep pace with our competition. The net result to you is better gasoline at prices which make it one of the real bargains in your family budget.

75 years of planning ahead to serve you better

ANNEXATION ELECTION NOTICE
RESOLUTION NO. 138
RESOLUTION AND ORDER APPROVING PETITION, DESCRIBING BOUNDARIES OF TERRITORY PROPOSED TO BE ANNEXED AND ORDERING AN ELECTION TO DETERMINE WHETHER OR NOT SUCH TERRITORY SHALL BE ANNEXED TO UNION SANITARY DISTRICT.

ANNEX NO. 10

The verified petition for the annexation to UNION SANITARY DISTRICT, Alameda County, California, of the contiguous territory hereinafter particularly described coming on regularly for hearing on the 13th day of January, 1954, at 7:30 o'clock p.m. before the Sanitary Board of said UNION SANITARY DISTRICT at a regular meeting thereof duly and regularly called and held at the office and regular meeting place of said Board, 116 Baine Avenue, Centerville, California, a majority of the members of said Sanitary Board being present, and evidence oral and documentary having been introduced, and the Board being fully advised in the premises;

IT IS RESOLVED AND ORDERED by the Sanitary Board of said UNION SANITARY DISTRICT that the evidence introduced before said Board upon the presentation of said petition established the facts hereinafter recited and this Board ascertains, determines and finds as facts from said testimony:

That a petition in writing signed by FRANK DUARTE, and others, and duly verified by the affidavits of JESSE F. PERRY, one of said petitioners, by LAWRENCE W. GEORGE, one of said petitioners, by LOUIS S. AMARAL, one of said petitioners and by FRANK CARPANETO, one of said petitioners, and having attached thereto a notice by said petitioners that said petition would be presented to the Sanitary Board of UNION SANITARY DISTRICT on Wednesday, January 13, 1954, at the hour of 7:30 o'clock p.m. of said day at the regular meeting place of said Sanitary Board at 116 Baine Avenue, Centerville, Alameda County, California, and that all persons interested might appear and be heard at said time and place, was presented to said Sanitary Board at the time and place stated in said notice; that a cash bond in the sum of $100.00 as security for the payment by said petitioners of the reasonable costs of the election hereinafter called was received and approved by said Sanitary Board;

That said petition is signed by more than twenty-five percent of the freeholders residing in the territory therein described; that said petition designates specifically the boundaries of the territory contiguous to said UNION SANITARY DISTRICT proposed to be annexed; that the assessed valuation of said territory proposed to be annexed as shown by the last equalized assessment roll of Alameda County is $576,050.00; that the total assessed valuation of said territory proposed to be annexed as shown by the last equalized assessment roll of Alameda County is $1,298,250.00; that the boundaries of said territory proposed to be annexed were approved by the Alameda County Boundary Commission in its Report and Recommendation No. 190 dated October 20, 1953; that said territory proposed to be annexed is contiguous to UNION SANITARY DISTRICT; that no part of said territory is within the limits of any Sanitary District and all thereof is within Alameda County, California;

That said petition and notice were published in the TOWNSHIP REGISTER, a newspaper of general circulation published in said UNION SANITARY DISTRICT, for at least two weeks preceding the meeting thereof on the 13th day of January, 1954, to-wit: on the 17th, 24th and 31st days of December, 1953.

That all of the land within the boundaries of such contiguous territory proposed to be annexed will be benefited by the annexation of such territory to UNION SANITARY DISTRICT;

That said verified petition in all respect conforms to the law in regard to the annexation of contiguous territory to Sanitary Districts under the provisions of Article 2, Chapter 9, Part 1, Division VI of the Health and Safety Code of California, and contains all facts necessary to be set forth and approved in a petition for the annexation of territory to Sanitary Districts according to said Code, and that all of the statements contained in said petition are true; and

IT IS FURTHER RESOLVED AND ORDERED that the said petition as originally presented be and is hereby approved; and

IT IS FURTHER RESOLVED AND ORDERED that the exterior boundaries of said contiguous territory proposed to be annexed to UNION SANITARY DISTRICT is specifically bounded and described as follows, to-wit:

Overtime and Holidays: The hourly wage rate for overtime work shall be not less than 1½ times the prevailing hourly wage rate specified above, when overtime work does not exceed 4 hours in any work day and is performed before 8:00 P.M. For work during any work day in excess of the working day plus 4 hours and for work after 8:00 P.M. and for work in the interval between 5:00 P.M. on Fridays and 7:00 A.M. on Mondays, and on holidays, the hourly wage rate shall be not less than double the prevailing hourly rate specified above.

The working day shall be 8 hours unless otherwise specified above. The per diem rate shall be the hourly rate multiplied by the number of hours in the working day. When less than the number of hours constituting the working day as herein stated is worked, the wage to be paid shall be the hourly wage multiplied by the number of hours actually worked.

Where a per diem wage rate only is specified above, the hourly wage rate is the per diem rate divided by the number of hours constituting the working day.

All skilled labor not listed above that may be employed is to be paid not less than the union wage scale for such labor and in no event to be paid less than Two and 05/100 Dollars ($2.05) per hour.

It shall be mandatory upon the Contractor to whom the contract is awarded, and upon any subcontractor under him, to pay not less than the said specified rates to all laborers, workmen and mechanics employed by them in the execution of the contract.

Properly indentured apprentices may be employed upon this work in accordance with the State law. Such apprentices shall be properly indentured as called for by law and shall be paid not less than the standard wage paid to apprentices under the regulations of the trade at which they are employed. An apprentice shall be employed only at the work of the trade to which he is indentured. The initial wage to be paid an apprentice shall be not less than twenty-five per cent (25%) of the journeyman's wage being paid and shall be increased each six (6) months in an amount not less than fifteen per cent (15%).

The Board reserves the right to reject any and all bids, or any or all items or alternates of such bids.

By order of the Board of Trustees, February 1st, 1954.

JOHN CATTANEO
Clerk of the Board of Trustees of the Niles School District of Alameda County, State of California.

LEGAL NOTICE

OFFICIAL NOTICE OF SALE
DECOTO SCHOOL DISTRICT
1954 SCHOOL BONDS

NOTICE IS HEREBY GIVEN that sealed proposals will be received by the Board of Supervisors of the County of Alameda, State of California, at the office of the County Clerk and ex officio Clerk of said Board of Supervisors, in the Court House, 1225 Fallon Street, Oakland 7, Alameda County, California, on MARCH 2, 1954 at the hour of 11:00 o'clock A.M. (P.S.T.), for the purchase of $120,000 principal amount of the bonds of the Decoto School District of Alameda County, State of California, more particularly described below:

ISSUE:

1954 School Bonds, $120,000, consisting of 120 bonds of the denomination of $1,000.00 each, numbered 1 to 120, inclusive, all dated April 15, 1954 (being part of an issue of $230,000 authorized at an election held in said district January 7, 1954. The remaining bonds of said authorized issue will not be sold until after September 1, 1954.)

INTEREST RATE:

Maximum five per cent (5%) per annum, payable annually for the first year on April 15, 1955 and semi-annually thereafter on October 15th and April 15th in each year. Bidders must specify the rate of interest which the bonds hereby offered for sale shall bear. Bidders will be permitted to bid different rates of interest and to split rates irrespective of the maturities of said bonds. The interest rate stated in the bid must be in a multiple of one-quarter of one per cent per annum, payable as aforesaid.

MATURITIES:

Said bonds hereby offered for sale mature serially in consecutive numerical order, from lower to higher, $8,000.00 on April 15th in each of the years 1955 to 1964, both inclusive, and $10,000 on April 15th in each of the years 1965 to 1968, both inclusive.

PAYMENT:

Both principal and interest payable in lawful money of the United States of America at the office of the County Treasurer of Alameda County, in Oakland, California.

REGISTRATION:

Coupon bonds will be issued by said Board of Supervisors on behalf of said school district. Such bonds are registerable only as to both principal and interest.

PURPOSE OF ISSUE:

Said bonds are authorized to be issued and sold for the purpose of raising money for the following purposes:

The purchasing of school lots;

The building or purchasing of school buildings;

The making of alterations or additions to the school building or buildings other than such as may be necessary for current maintenance, operation or repairs;

The supplying of school buildings with furniture or necessary apparatus of a permanent nature;

The permanent improvement of the school grounds; and

The carrying out of the projects or purposes authorized in Section 18010 of the Education Code, to wit, to provide sewers and drains adequate to treat and/or dispose of sewage and drainage on or away from school property.

SECURITY:

Such bonds are general obligations of said school district, and the Board of Supervisors of the County of Alameda has power and is obligated to levy ad valorem taxes for the payment of said bonds and the interest thereon upon all property within said school district subject to taxation by said district (except certain intangible personal property, which is taxable at limited rates), without limitation of rate or amount.

TAX EXEMPT STATUS:

In the event that prior to the delivery of the bonds the income received by private holders from bonds of the same type and character shall be declared to be taxable under any Federal Income Tax Laws, either by the terms of such laws or by ruling of a Federal Income Tax authority or official which is followed by the Bureau of Internal Revenue, or by the decision of any Federal Court, the successful bidder may, at his option, prior to the tender of said bonds by the Board of Supervisors, be relieved of his obligation under the contract to purchase the bonds and in such case the deposit accompanying his bid will be returned.

LEGAL OPINION

The legal opinion of Messrs. Orrick, Dahlquist, Herrington & Sutcliffe, Attorneys at Law, of San Francisco, California, approving the validity of said bonds will be furnished to the successful bidder without charge, together with a certified copy of the transcript of proceedings.

The bonds will be awarded to the highest and best bidder considering the interest rate or rates specified and the premium offered, if any. The highest bid will be determined by deducting the amount of the premium bid (if any) from the total amount of interest which the District would be required to pay from April 15, 1954 to the respective maturity dates of the bonds at the coupon rate or rates specified in the bid and the award will be made on the basis of the lowest net interest cost to the District. The lowest net interest cost shall be computed between the dates aforesaid on a 360-day year basis. The purchaser must pay accrued interest from the date of the bonds to the date of delivery. Said Board of Supervisors reserves the right, in its discretion, to reject any and all bids and to waive any irregularity or informality in any bid.

The Board of Supervisors will take action awarding the bonds or rejecting all bids not later than March 2, 1954. Delivery of said bonds will be made to the successful bidder at the office of the County Treasurer of Alameda County in Oakland, California, as soon as the bonds can be prepared, which, it is estimated, will be within forty (40) days of the date of sale, but not prior to April 15, 1954. The successful bidder shall have the right, at his option, to cancel the contract of purchase if the bonds are not tendered for delivery within sixty (60) days of the date of sale and in such event the successful bidder shall be entitled to the return of the deposit accompanying his bid. The cost of printing the bonds will be borne by the District.

All bids must be unconditional, for not less than all of the bonds hereby offered for sale, and for not less than the par value thereof and accrued interest to date of delivery. Such bids, together with bidder's check, must be enclosed in a sealed envelope addressed to the Board of Supervisors of Alameda County, State of California, and endorsed "Proposal for 1954 School Bonds of Decoto School District of Alameda County." With each bid must be submitted a certified check or cashier's check for $1,000.00 drawn on a bank or trust company authorized to transact and transacting business in the State of California, payable to the order of the Treasurer of Alameda County, to secure said Decoto School District from any loss resulting from the failure of the bidder to comply with the terms of his bid. In addition bidders are requested (but not required) to supply an estimate of the total net interest cost to the District on the basis of their respective bids, which shall be considered as informative only and not binding on either the bidder or the District. Checks of the unsuccessful bidders will be returned upon the award of the bonds. No interest will be paid upon the deposit made by the successful bidder.

Information relative to the financial condition of said District will be furnished to any bidder upon request.

There is no controversy or litigation pending or threatened concerning the validity of the above issue, the corporate existence of said District, or the title of the officers to their respective offices and said County will furnish to the successful bidder a no-litigation certificate certifying to the foregoing as of and at the time of the delivery of the bonds.

Dated: February 9, 1954.

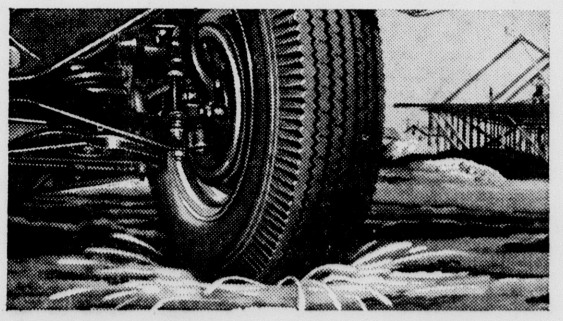
Ford's New Ball-Joint Suspension gives you the

Newest Ride on the Road!

This revolutionary new Ford front suspension soaks up road shock before it reaches you! Makes all riding and handling easier!



Seals out dirt. You can forget road splash because dirt and water can't get into the ball joints in Ford's new front suspension. Each of the four joints is effectively sealed by a unique rubber-and-metal shield. This means that contact surfaces of each ball and socket remain clean—wear is kept to a minimum.

Keeps that new-car feel. You'll enjoy Ford's new-car feel much longer because ball joints are spring-loaded to compensate automatically for any wear. Front wheels hold alignment far longer than with conventional systems. Ball joints can't stick or bind. Steering remains consistently easy.

THE "OLD" ROADS won't seem the same with Ford's new Ball-Joint Suspension "paving" the way for you. You'll enjoy a softer, more level ride because Ford's new system allows greater shock absorbing movement of the front wheels. Handling is far better, too. That's because conventional kingpins have been replaced by simple, sealed ball joints that won't stick or bind. No other car in Ford's field can equal Ford's ride—because no other has Ball-Joint Suspension.

Agile new performance, too, is yours in a '54 Ford . . . whether you choose Ford's new 130-h.p. Y-block V-8 or 115-h.p. I-block Six. And no matter which of Ford's 28 new models you choose you enjoy recognized style leadership—with clean, modern lines . . . sparkling new colors . . . and harmonizing upholstery fabrics and trim.

Eliminates 12 wear points. Ford's Ball-Joint Front Suspension eliminates 12 of 16 points of wear found in conventional systems. Rubber-bushed supports at inner ends of suspension control arms reduce the number of wear points and insulate chassis from road noises.

We cordially invite you to Test Drive a
